THE BEATLES

THE BEATLES

The work in this small catalog has been inspired by my love for the Beatles. Not only did they create some of the finest music ever written, but they changed the culture. They gave our world auditory sweetness,...visual beauty,...profound literature,...and art of the highest level. In many ways, they still continue to do so, and are as relevant as they were a half century ago.

It is said that the goal of art is to inspire.....this small body of my work is a perfect example of that.
